IMPORTANT SAFETY INSTRUCTIONS

When using an electrical appliance, you should always follow these basic precautions.

READ ALL INSTRUCTIONS BEFORE USING YOUR VACUUM CLEANER

WARNING - TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY:

- Fully assemble before operating.
- Intended for household use only.
- Do not use outdoors or on wet surfaces.
- Do not leave the vacuum cleaner unattended when it is plugged in. Unplug it from the outlet when you are not using it and before servicing.
- Do not allow to be used as a toy. Close attention is necessary when used around children.
- Use only as described in this manual. Use only manufacturer recommended attachments.
- For the purposes of recharging the battery, only use the detachable power supply unit provided with this device.
- Do not use with a damaged cord or plug. If the appliance is not working as it should, or has been dropped, damaged, or submerged in water, contact our customer service for advice.
- Do not handle the plug or appliance with wet hands.
- Do not unplug the adapter by pulling on the cord. To unplug, grasp the plug, not the cord.
- Do not pull the cord around sharp edges or corners. Do not run the appliance over the cord. Keep the cord away from heated surfaces.
- Do not put any object into openings or vents. Do not use if any opening is blocked. Keep free of dust, lint, hair, and anything else that may reduce airflow.
- Keep hair, loose clothing, fingers, and other body parts away from moving parts.
- Turn off all controls before unplugging.
- Use extra care when cleaning on stairs.
- Turn off all controls before unplugging.
- Do not attempt to repair or disassemble the appliance. There are no user-serviceable parts inside. Repair or service must be performed by a qualified repairman and only identical replacement parts can be used. This will ensure the safety of the appliance.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be done by children without supervision.
- This appliance includes a rechargeable lithium-ion battery pack.
- Do not expose the battery pack or appliance to fire or excessive temperature above 150°C, as it may catch fire and/or explode.
- Do not use a damaged or modified battery pack, as it may catch fire and/or explode.
- Charging, using and storage of the appliance should be within the ambient temperature range of 0-40°C.
- Follow all the charging instructions and do not charge the battery pack out of the temperature range specified in the instructions, otherwise, it may damage the battery and increase the risk of fire.
- Do not attempt to disassemble the battery pack.
- The battery must be removed from the device before the device is disposed of.
- The device must be disconnected from the mains supply when removing the battery.
- To remove the battery from the device, you first need to assemble the main body enclosure using a screwdriver. When you remove it, you will see the battery pack. Disconnect all the quick connectors on the PCB and remove the PCB from the battery pack by screwdriver. Caution must be given to prevent accidental short circuiting of the battery.
- The used battery should be placed in a sealed plastic bag and disposed of safely according to local environmental regulations.
- Leaks from battery cells can occur under extreme conditions. If any liquid gets into the eyes, do not rub eyes, immediately flush them with clean water continuously for a minimum of 15 minutes. Seek medical attention immediately.

- Leaks from battery cells can occur under extreme conditions. If any liquid gets into the eyes, do not rub eyes, immediately flush them with clean water continuously for a minimum of 15 minutes. Seek medical attention immediately.

Assembling Your HomeVac

1. Unscrew the bolt.
2. Insert the handle into the main body and secure with the bolt.
3. Lower the main body onto the floor brush until it clicks into place.

Wall Mounting Your HomeVac

1. Slip the wall mounting hook into the slot.
2. Screw the wall mount into place.
3. Paste the Drill Hole Marker on the wall and drill 3 holes as marked.
5. Measure 1.2 meters above the ground.
6. Lower the main body onto the floor brush until it clicks into place.
7. Slide HomeVac down into the holder.

Using Your HomeVac

1. Press 1 to turn HomeVac on.
2. Press 1 to toggle between Normal and Power Saving Mode.
3. If suction power is low, empty the dust collector, clean the filter and remove any obstructions from the nozzle.
Charging Your HomeVac

- The battery needs to be fully charged before the first use.
- Never operate HomeVac when it is charging.

Cleaning and Maintenance

Always unplug HomeVac from the main supply before cleaning or maintenance.

- Clean the dust collector and filters
