Welcome Guide

Lumi Plug-In
Night Light

Safety Instructions

Read and follow all the safety instructions:

- This device is for indoor use only.
- This device should not be exposed to dripping or splashing water.
- This device uses a non-replaceable light source. When the light source reaches the end of its life cycle, the device should be replaced.
- This device is for adult use only and should not be operated by children.
- Do not use this device with extension cords.
- Do not install this device near heat sources.
- Do not disassemble this device.
- Do not place any sources of danger on this device (e.g. liquid filled objects, lighted candles).
- CAUTION: Risk of electric shock and fire hazard. Only plug device into uncovered and well ventilated wall outlets. Keep device away from bed coverings and other flammable materials.

Introduction

Thank you for purchasing Lumi Plug-In Night Light (hereafter called "Lumi"). Lumi uses light-sensing technology to illuminate dark spaces with a soft light.

At a Glance

- 1 Light sensor 2 LED light

Using Your Lumi

- 1 Find a dark area.
- 2 Plug your Lumi into a wall outlet.

 When plugging into an outlet, do not turn Lumi upside down and avoid locations with direct exposure to infrared beams.

Rated voltage	120 V~, 60 Hz
Rated power	0.4 W
Rated current	50 mA max
Dimensions	60 × 60 × 44 mm / 2.4 × 2.4 × 1.7 in
Weight	36 g / 1.3 oz

 Specifications are subject to change without notice.

Notice

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio / TV technician for help.
