# A3107 Soundcore mini 2 Firmware Update Instructions

Step 1: Download the update tool and product firmware.

A) Download the update tool from the Soundcore website, unzip it, then double-click "setup.exe" and follow the default installation instructions.

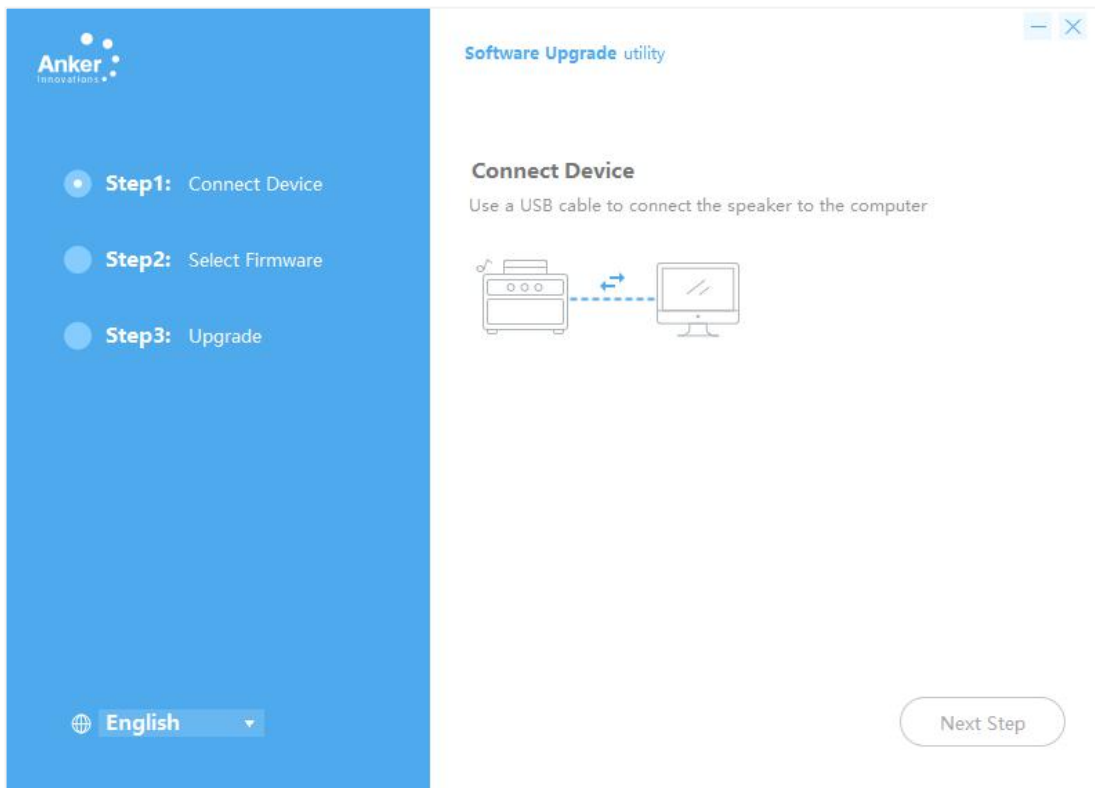

B) Download the firmware (for Soundcore mini 2), unzip it, and save it to the desktop.

Step 2: Double-click the "Anker" icon on the desktop.

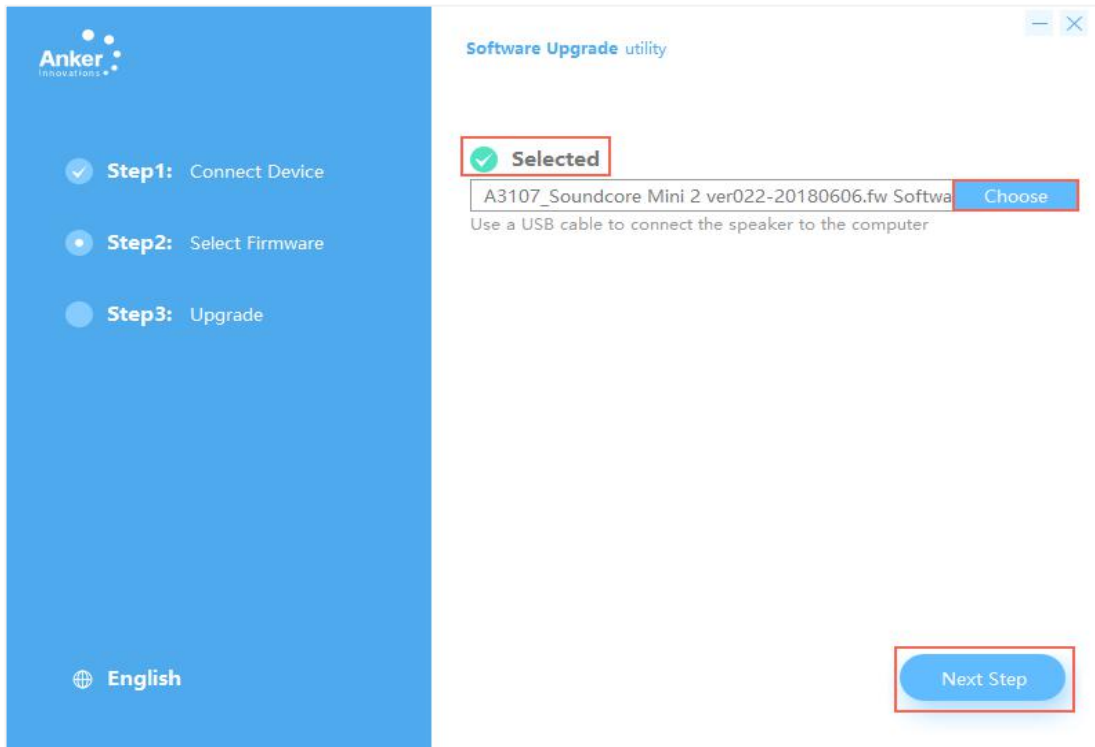

Windows icon

Step 3:

A) Plug the USB charging cable into your computer.

B) Turn off Soundcore mini 2.

C) Press and hold the "Volume +" and "Volume -" buttons simultaneously.

D) Connect the USB charging cable to your Soundcore mini 2.

E) Press the "Power" button for 1 second.

F) Release the "Volume +" button while the white power indicator is off, and the update client will display "connected."

G) Click "Next Step."

Step 4: Click the "Choose" button and select "A3107 firmware," then click "Next Step."

Step 5: When the progress bar is full, the upgrade is successful. Soundcore mini 2 will turn on automatically in a few seconds.

Notes:
1) Do not unplug the USB charging cable or press any buttons on the speaker while the upgrade is in progress.
2) Hold down the power button for 10 seconds if the speaker seems stuck in the upgrade process.
